"Experience the joy of Viennese music."

The orchestra focuses on the repertoire of **Viennese classical music**, in particular the works of Wolfgang Amadeus Mozart and Joseph Haydn as well as the great music of the Strauss dynasty and their contemporaries.

In doing so, we attach great importance to the **Viennese style of sound** and can interpret the above-mentioned composers not only in a subtly individual way but also traditionally - always adding that "Viennese" note.

We constantly expand our repertoire to include the works of other renowned composers to meet the high demand of our international audience.

The Schönbrunn Palace Orchestra also has a wealth of experience working with singers and ballet dancers. As an accompaniment orchestra, we not only distinguish ourselves through high musical standards and a homogeneous sound, but we also attach great importance to our charming presentation and very noble appearance.

From symphonic concerts to traditional New Year's concerts, opera and operetta galas with vocal soloists and ballet dancers, to the dance music of the wonderful Viennese balls – our repertoire is extensive and the orchestra size variable, suitable for every occasion.

All members of the orchestra either grew up in Vienna or studied in this wonderful music metropolis. They were able to absorb the passion for making music and the internationally popular "Viennese style" during their education.

The long-time members of the ensemble are dedicated and artistically highly qualified musicians. With their collective experience performing at prestigious venues in Austria and around the world, they have evolved into a world-renowned orchestra, admired by music lovers globally.

In addition to the regular concert activities taking place at the Schönbrunn Palace in Vienna, the orchestra has been acclaimed internationally as a calling card for Austria – among other places in Japan, Singapore, China, South Africa, Mozambique, Russia, the USA, Brazil, Dubai, Sweden, Denmark, Norway, Finland, Iceland, Estonia, Greece, Italy, Spain, Germany, Switzerland, Romania, and Bulgaria.

With each note, we bring a piece of Vienna's enchanting musical legacy to every corner of the globe.
