This document outlines the essential technical requirements needed for flawless performance
of the Schönbrunn Palace Orchestra.

Its aim is to prevent any misunderstandings and ensure the event's success.

STAGE INSTRUCTIONS

PARKING

In the area behind the stage for one orchestra bus and one delivery truck.

STAGE

The stage should be at least **12 meters wide and 8 meters deep**, divided into two sections:

- The area of the orchestra is 12 meters wide and 6 meters deep.
- The area in front of the orchestra for singers is 12 meters wide and 2 meters deep.

One riser is required for the woodwinds and brass section:

- 1. riser: 10 m x 2 m / 20 cm high

ORCHESTRA CHAIRS

- 18 chairs for the musicians
- 5 (small) extra chairs
- 1 percussion chair
- 1 double-bass-chairs (without arm-rests!)

MUSIC STANDS

- 15 music stands for the musicians are necessary. (like marked on stage plan, page 6)
- 1 very stable conductor's music-desk.

LIGHTING PLAN

It depends on the concert program.

MERCHANDISING

The Merchandising of non-food articles is the exclusive right of PHI.
No charge may be made for the erection of stands.

MICROPHONES

Please have a look at the microphone arrangement on page 7.

FLORAL DECORATION

- Low-height floral decoration can be arranged across the complete width of the front edge of the stage. Hanging flowers are preferred (ferns, ivy, etc.).
- Plants with a strong aroma should not be chosen.
- The flowers should also have as little pollen as possible.
- The flowers should be placed on the morning of the performance.
- Approximately 20 small trees (1.5m – 2.0m high) are to be distributed to the right and left of the stage behind the barrier (in front of the visibility-protection barrier).

ORCHESTRA SET-UP

The set-up of the ensemble takes place on the day of performance after arrival.

ORCHESTRA REHEARSAL

- An orchestra rehearsal takes place after arrival.
- The rehearsal takes about maximum two hours and must be finished about 30 minutes before the audience enters the concert hall.

TOILETS

Sufficient clean toilets with wash possibilities for the number of people named above are to be provided behind the stage area.

CATERING

- Coffee, tea, juices, soft drinks (Coca-Cola, Fanta, Sprite, etc...) and mineral water in sufficient quantities **for 24 people** are to be available during the complete production time.
- Please don't forget necessities such as cups, mugs, spoons, sugar, milk, lemon juice, etc.

DRESSING ROOMS

- All 5 dressing rooms (1 for conductor, 2 for soloists and 2 for the musicians) must be erected before 6 pm (18h) on the performance day.
- If possible, dressing room labelling is to be carried out by the promoter.
- The dressing rooms must be capable of being locked, and the key must be given to the PHI-tour manager.
- The heating and ventilation must be in operational condition.

Conductor:

The room should include the following:

- 1 table for drinks
- 2 chairs
- 1 waste basket
- 1 standing mirror with clamp lights
- clothing racks with clothes hangers

Soloists:

2 separate rooms for our soloists, each room should include the following:

- 1 table for drinks
- 2 chairs
- 1 waste basket
- 1 standing mirror with clamp lights
- clothing racks with clothes hangers

Ensemble women:

A room or tent for approximately 10 people with:

- appropriate seating, tables,
- storage space for instruments,
- 2 standing mirrors with clamp lights,
- sufficient large clothing racks with clothes hangers,
- ash trays & waste baskets.

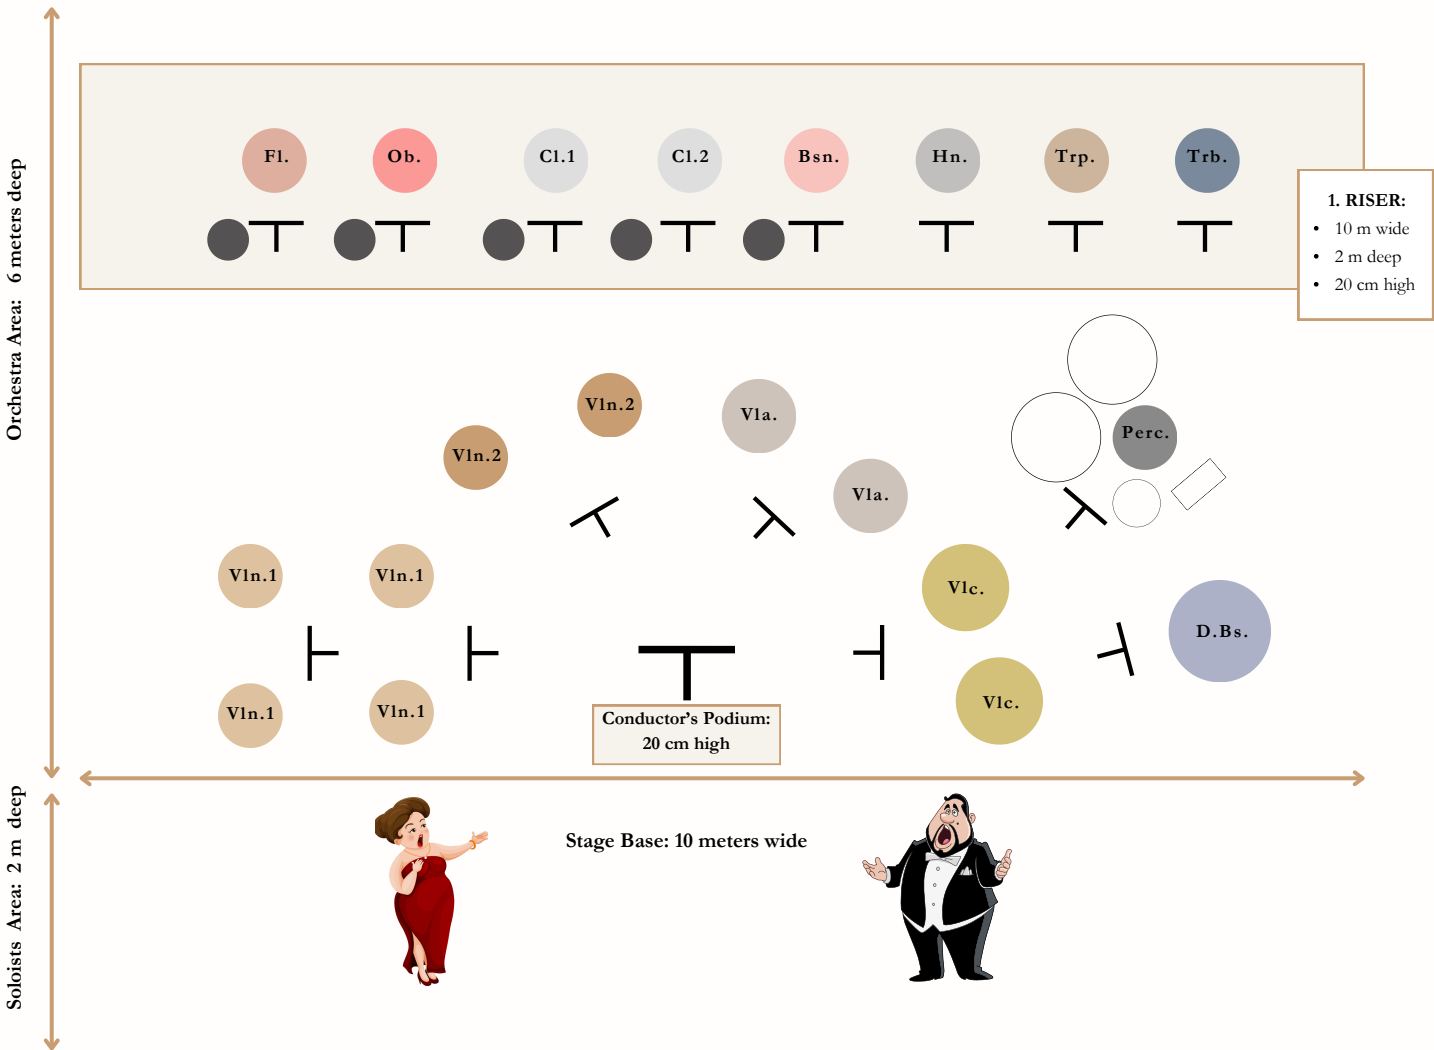

Ensemble men:

A room or tent for approximately 10 people with:

- appropriate seating, tables,
- storage space for instruments,
- 2 standing mirrors with clamp lights,
- sufficient large clothing racks with clothes hangers,
- ash trays & waste baskets.

STAGE PLAN

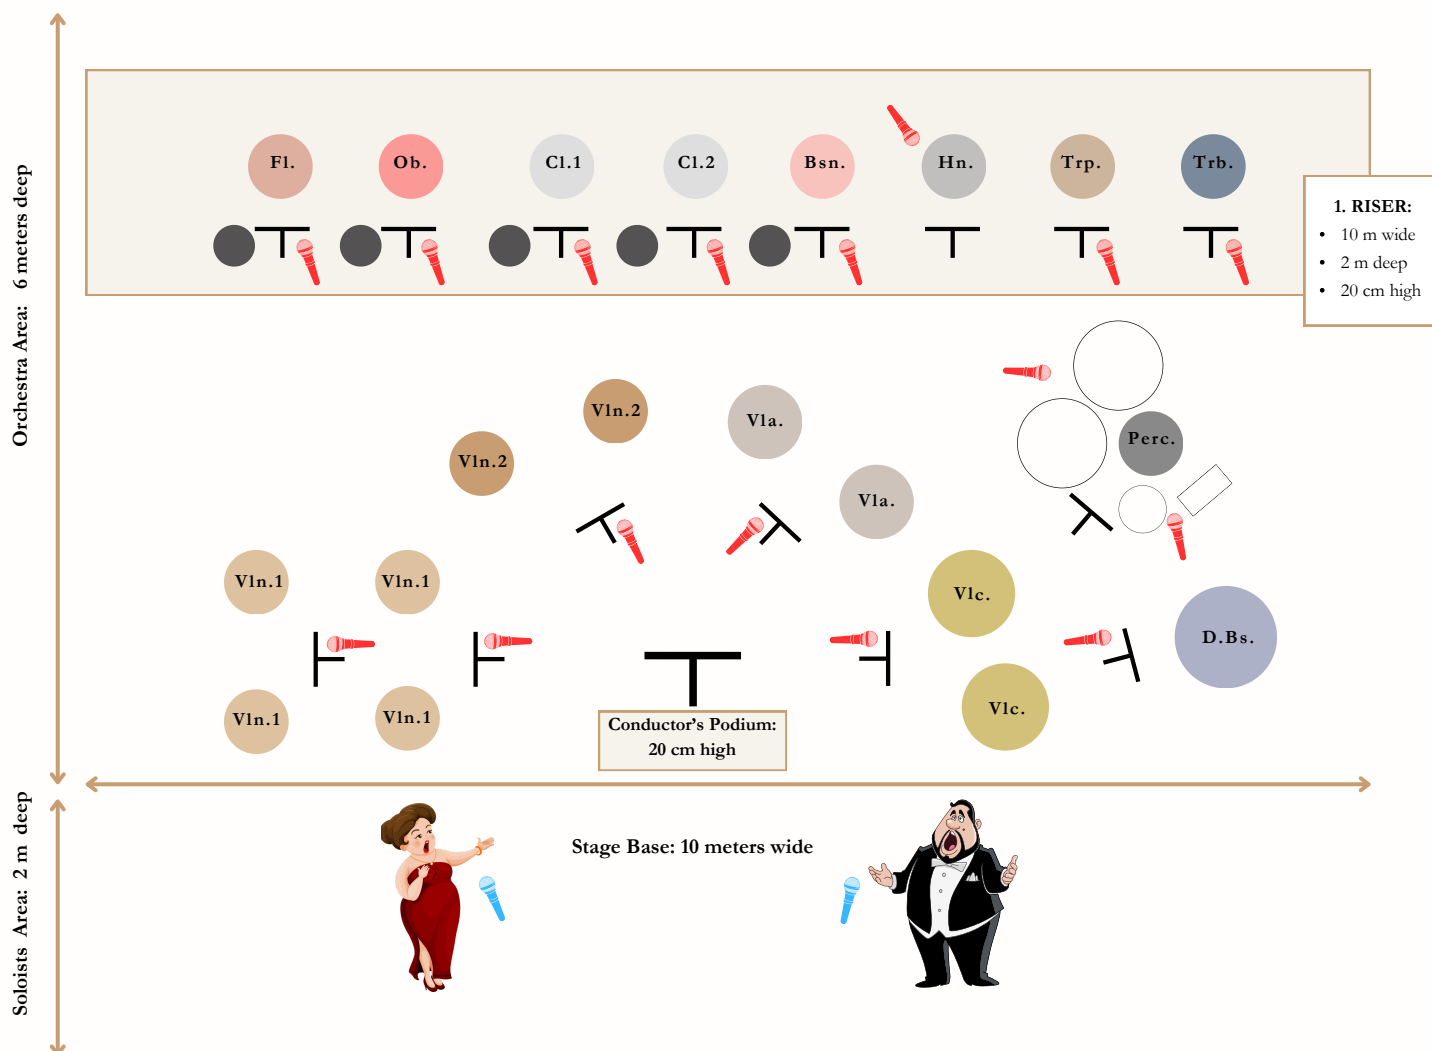

Natural Acoustics
